2. **Filming and Photography Restrictions:** The event may have specific areas designated as off-limits for filming or photography, such as private meetings or certain scientific sessions. Respect these restrictions to maintain the privacy and integrity of the event.
 1. Filming or photography is **NOT** allowed in any sessions of the congress except by EAN's official photography and filming crewing or with prior explicit permission of EAN.
 2. Film crews and photographers must announce themselves at the press office of the congress before they begin any production.
3. **Respect Privacy and Consent:** Always obtain consent from individuals before filming or photographing them, especially in close-up shots or interviews. Respect the privacy of attendees, and do not capture or distribute any footage or images that may be considered intrusive or inappropriate.
4. **Non-disruptive Filming:** Ensure that filming or photography activities do not disrupt the proceedings or disturb other attendees.
